K-XF MANIFESTO

We introduce KXF's festival declaration, aligning with our goals

K-XF recognizes and respects all sexual preferences and identities, offering a festival where people with diverse tastes and experiences, including the LGBT+ and BDSM communities, can gather to understand and share with each other.

KXF aims to respect, share, and develop a more enjoyable adult culture, not hiding or covering it up. We offer open adult entertainment through various programs.

K-XF prioritizes safety, providing an environment for exploring safe sexual culture. This includes principles of consent and in-depth educational programs.

KXF provides a broad network for empathizing with and learning about adult culture. We pursue coexistence through open and harmonious communication rather than one-sided or closed interactions among diverse adult culture groups.

The 'X' symbolizes exploration and open-minded acceptance.

The '+' represents the embracing and acknowledgment of various sexual preferences and identities.

Introducing K-XF's brand symbol,

XEX.

XEX visually conveys the values and goals of K-XF: diversity and inclusion, an open attitude, and a symbol of freely exploring, learning, enjoying, and communicating about sexual preferences.

This symbol provides a visual identity for festival participants to understand and communicate KXF's purpose and values.
